Denise is a senior corporate partner called in both British Columbia and Alberta whose practice is unique as it includes all forms of debt. She is able to utilize her diverse experience to create practical, but bespoke solutions to her client's finance challenges.

Well-known for being creative, practical and business-oriented, Denise acts as lead counsel and lead Canadian counsel on domestic and cross border complex financial transactions for a wide variety of clients operating in a diverse array of industries. Denise has a breadth of experience few have had the opportunity to advise on. She acts on acquisitions, reorganizations, securitizations, off balance sheet financings, notes/debentures/bonds, project finance, structured finance, ABL, DIP, bilateral and syndicated secured and unsecured bank facilities, multiple and silo lien facilities. Denise acts for sponsors, owners, borrowers, guarantors and lenders.

Denise is a member of the construction and infrastructure group where she specializes in security and project financial support.

Her significant project finance experience includes:

- Projectco counsel and counsel to ATCO Electric Ltd., as part of the successful proponent team on behalf of the Alberta Powerline consortium, design, build, own, operate and finance of the Fort McMurray West 500 kV Transmission Project.
- Borrower's counsel to the SPV and an owner in the project financing for the Brighton Beach Combined Cycle Power Project, the largest merchant power project financing at the time.
- Borrower's counsel in the project financing of each of the Athabasca Oil Sands Cogeneration Projects (mine and upgrader cogeneration facilities).
- Borrower's counsel in the project financing of seven independent power projects.
- Finance counsel to the SPV and the owners in the project financing of the Cory Cogeneration project, a 228-MW natural gas-fired cogeneration power plant.

- Borrower's and owner's counsel in the financing of the Joffre Cogeneration Project (the first project financing of a partial merchant power plant in Canada).
- Borrower's counsel on the financing of the Telus Spark Science Centre Calgary.
- Borrower's counsel to a biofuel producer.
- Represented offtaker/revenue participant in respect to a solar project financing.
- Represented OPTrust and the SPV, in connection with the limited recourse financing of a partnership with six Alberta First Nations which in turn participated in the equity syndication and project financing of the \$1.5-billion Cascade Power Project. This equity investment marks the first transaction supported by the Alberta Indigenous Opportunities Corporation (AIOC), who provided a loan guarantee supporting the credit and financing arrangements between ATB, OPTrust, Kinetikor and the First Nations consortium which ultimately facilitated the equity participation by Indigenous communities in the Cascade project.
